

Choose your future!

Now is the right time to invest in education

The labour market in Borlänge is heading for a bright future. New companies will be establishing and developing their operations in Borlänge, including Northvolt and the ICA warehouse. Many other companies in Borlänge also want to hire more people. This means that it will be easier to get a job in Borlänge in the next few years, and it is believed that there will be a shortage of labour. So now is the right time to invest in an education – it will pay off! You almost always have to have an education to get a job. If you want to get an education, several options are available in Adult Education.

SFI

Improve your Swedish! Registration for SFI is always open.

Vocational training with Swedish

Study Swedish at the same time that you attend a vocational education programme. You can take studies in the following subjects or train for one of the following jobs:

- *Childcare attendant*
- *CNC-operator*
- *Construction training*
- *Welding*
- *Health and social care*
- *Freight, warehouse and terminal worker*

Courses at the compulsory school level

Study Swedish, English or mathematics, for example, to prepare for a vocational education programme or an upper-secondary diploma.

Vocational education

A fast track to a job. There are programmes in technology, healthcare, restaurants, construction and hotels. The programmes are between 20 and 70 weeks long.

Upper-secondary courses

Do you have your sights set on a vocational college, a university college or a university? If so, you often need an upper-secondary diploma. We can help you plan your studies.
