

School Change

If you are planning on changing the school of your child for the upcoming school semester, you need to apply for it. You apply via e-service (e-tjänst) by using your Bank-ID or Mobile Bank-ID. If you don't have a bank-ID please contact: (skolval@borlange.se) for more information. School change can only be granted if there are available placements at the school you want your child to change to. More information about school change can be found on the webpage of Borlänge Municipality (Borlänge kommun).
