

Information Regarding Student Leave Applications

From January 2021, student leave applications can be registered digitally via the “Skola24” system. The application will be available as a link on the webpage of Borlänge Municipality (Borlänge kommun) and via “Skola24”.

In order to apply for a leave, both guardians must approve and sign the application using an electronic-ID (Bank-ID).

If you still want to apply using a paper-form, these are only available at the Service Centre (Servicecenter) of Borlänge Municipality and can be handed to the mentor of the student at the school. Both guardians must approve and sign the application.
